

1-2

Provided all year -round, by qualified and registered specialist tutors who are part of the in -house Dyslexia Team, Disability Services at Bangor University.

Welcoming staff each time you visit our frontline Reception area.

Dedicated 1-2-1 individual rooms that provide a comfortable and confidential location. Each room has 2 computer screens, a laptop and access to assistive technology, a large desk space, dimmable lighting, a variety of multi-sensory teaching aids, a whiteboard and close access to filtered drinking water.

Comfortable waiting room where students can sit on arrival and browse a variety of study strategy worksheets and other resources that are on display. These resources are available for students to take away with them as required.

Tutors are skilled in supporting students to embed the use of assistive technology during their studies.

In this photograph, Dylan is demonstrating the LiveScribe Pen.

Welcome to the Dyslexia Team offering support to students with Specific Learning Differences such as Dyslexia, Dyspraxia, Dyscalculia and ADHD.

Specialist study skills support offers you the opportunity to work one-
